

Important notice!

Dear patients,

We would like to inform you about something important going on at our community health centre Daenshuis.

Due to the departure of some GPs, we have fewer available appointment options. As a result, you will unfortunately have to wait much longer to make an appointment with the doctor, as well as to request prescriptions, certificates of absence and other medical documents. We understand that this is annoying.

Would you like to avoid this problem? Then you can deregister by returning the enclosed forms, which you received by mail, signed. If you no longer have this form, you can stop by and ask for a new form at the reception desk.

You can find the doctors who are still available on the website of the GP Sentinel (www.huisartsenkringaalst.be/huisartsen-regio-aalst/).

If you have any further questions or comments, please contact us on telephone number 053/78.10.16.

Thank you in advance for your understanding.

Kind regards,
Wijkgezondheidscentrum Daenshuis
